

# HP S430c 43.4-inch Curved Ultrawide Monitor

Transform your traditional dual-display setup into one curved, immersive experience

Lean into luxury with the HP S430c 43.4-inch Curved Ultrawide Monitor. Experience the same benefits of two screens in one 43.4" diagonal display. Login and conference<sup>1</sup> quickly with a pop-up webcam with IR; connect and power your devices and PC with USB-C™.<sup>2</sup>

## All of the screen space, none of the visual disruptions

- Tackle your projects with the perks of two 24" diagonal displays, minus distracting bezel breaks and cable clutter on a 43.4" diagonal curved screen with a 32:10 aspect ratio<sup>9</sup> and just one set of connections and cables.

## Swap your passwords for biometrics

- Login with your face and Windows Hello<sup>3</sup> on our first 43.4" diagonal display with a pop-up webcam with IR. Conference<sup>1</sup> with clear audio on the embedded mic, and retract the webcam back into the bezel to block its view when you're done.

## Drive content from two PCs with HP DeviceBridge<sup>4</sup>

- Optimize multi-tasking in multi-platform environments with a display that can control two devices<sup>4</sup> at the same time without a KVM. Copy and paste between them with a single keyboard and mouse and toggle feeds side-by-side or view on a split screen.

## Featuring

- Get flexible device connectivity from DisplayPort™, HDMI, four USB ports, and two USB-C™ ports<sup>2</sup> for data, video, and up to 100W total power delivery for tandem charging of your PC and your phone.
- Enjoy up to 350 nits brightness for working in a range of light settings and 99% sRGB color accuracy for all of your creative tasks.
- Raise or lower the display to your preferred viewing position with built-in height adjustment. Free up your desk with mounting options enabled by the 100-mm VESA pattern.
- Energy efficiency is built into every ENERGY STAR® and TCO Edge certified, EPEAT® 2019 registered, and low halogen display. We go one step further with 100% recyclable packaging that's easily accepted by recycling facilities.
- Manage your display and make it work for you. HP Display Assistant allows you to quickly resize screen partitions so you can work in separate regions of the screen and helps deter theft by dimming a display that's disconnected without approval.
- Rest assured that your IT investment has a long lifecycle and is supported with our three-year standard limited warranty. To extend your protection, select an optional HP Care service.
