Starting under 1kg, the HP Elite Dragonfly gives a new level of freedom to those on the go. It features a stunning dragonfly blue finish, an optional UHD HDR display, and advanced security to keep you safe and productive wherever the day takes you.

HP recommends Windows 10 Pro.

**Incredibly light**

Ultralight, and ready to impress
- Starting under 1kg, the HP Elite Dragonfly provides mobility beyond expectation in an exquisitely crafted x360 touch laptop. Striking finishes and accents highlight the design that incorporates recycled materials, including ocean-bound plastics and recycled magnesium.

**Work where you want**
- Connect from almost anywhere with optional 5G on the incredibly light, compact, and flexible HP Elite Dragonfly. Collaborate in any environment with crisp, clear Audio by Bang & Olufsen and an ultrabright display.

**Work with peace of mind**
- Security features from HP work together to create an always on, always-acting, resilient defense. From the BIOS to the browser, above and below the OS, these constantly evolving solutions help protect your PC from threats.
  - Instantly block prying eyes’ ability to view your screen with optional HP Sure View Reflect that makes your screen unreadable from the side.
  - Never wonder if someone is watching you with the added peace-of-mind that comes from the built-in HP Privacy Camera, with an integrated physical shutter to protect from malicious surveillance.
  - Not sure where you last saw your HP Elite Dragonfly? With the optional Tile solution, you can use an intuitive app to help you find your device near or far even when your PC is turned off.
  - Your “office” can be where you need it, letting you connect almost anywhere with optional support for up to 5G wireless broadband technology with 4x4 antennas.
  - Technologies in the optional UHD HDR 400 panel help improve your 4K viewing experience by increasing the contrast between light and dark images. The result is an image that most resembles the view in a natural state.
  - Advanced malware attacks can destroy your OS and disrupt your business. HP Sure Recover with Embedded Reimaging Gen3 ensures fast, secure, and automated recovery—anywhere, anytime—so you can get back to business fast.
  - Sustainability is a priority in our product design. Over 82 percent of mechanical parts on the HP Elite Dragonfly are made from recycled material, including ocean-bound plastics in the speaker boxes. Even the chassis is made from 90 percent recycled magnesium.
  - Malware is evolving rapidly, and traditional antivirus can’t always recognize new attacks. Protect your PC against never-before-seen attacks with HP Sure Sense, which uses deep-learning AI to provide exceptional protection against advanced malware.
  - Capture ideas and annotate documents with the high-pressure sensitivity and low-activation force of the optional HP Rechargeable Active Pen G3. It sends a proximity alert if it’s left behind.
  - So quiet that it won’t disturb people around you and backlit for use in low light, the quiet keyboard provides a crisp key response for a remarkable balance of comfort and feedback while typing.

## Accessories and services (not included)

<table>
<thead>
<tr>
<th>Accessory</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>HP Nano Keyed Cable Lock</strong></td>
<td>Lock your notebook or tablet down in the office and high-traffic public areas by tethering it to a secure surface with the thin profile HP Nano Keyed Cable Lock. Product number: 1A39UT</td>
</tr>
<tr>
<td><strong>HP Elite Presenter Mouse</strong></td>
<td>Run presentations and guide onscreen content with a virtual laser from the palm of your hand, anywhere in the room, or navigate your PC’s applications at your desk, with the sophisticated HP Elite Presenter Mouse. It’s an ultra-modern, multi-functional accessory that’s a pointer and mouse in one. Product number: 2CE30AA</td>
</tr>
<tr>
<td><strong>HP Thunderbolt Dock 120W G2</strong></td>
<td>Reinvent docking and boost productivity with our most versatile Thunderbolt™ dock, the small, sophisticated HP Thunderbolt Dock G2. Designed for workspace flexibility and network manageability. It delivers USB-C™ device connectivity and optional integrated audio. Product number: 2UK37UT</td>
</tr>
<tr>
<td><strong>HP 65W USB-C Slim Travel Power Adapter</strong></td>
<td>Use one adapter to power and charge your notebook or mobile device and a USB accessory at the same time, in the office or on the go, with the surprisingly compact HP 65W USB-C Slim Travel Power Adapter. Product number: 3PN4BA</td>
</tr>
<tr>
<td><strong>HP Executive 14.1 Slim Top Load</strong></td>
<td>Take on the world in style with an HP Executive Series notebook case that provides a polished, professional look. The sleek profile and premium materials make a bold statement and keep your devices and data on lockdown. Traveling is a breeze and device-charging is easy—even from outside the bag. Product number: 6KD04UT</td>
</tr>
<tr>
<td><strong>HP 3 Year Premier Care Essential Hardware Support</strong></td>
<td>Experience optimal uptime when working in the office, remotely, and on the road with the HP Essential Care suite of coverage, protection, and support services. Product number: UBS04E (for 1 year platforms), UBS14E (for 3 year platforms)</td>
</tr>

You must back up important files, data, photos, videos, etc. before use to avoid loss of data.

The properties of the wireless device, including connected networks, varies due to network, location, environment, network conditions, and other factors. 5G LTE not available on all devices.

Some Wi-Fi speeds and performance of certain software products. Not all customers on software application will see all benefits of the technology. Performance and look frequency vary depending on application workload and system configuration. See www.intel.com/technology/turboboost for more information.

Some functionality of HP Sure View integrated privacy technology, requires additional third-party software or hardware to function. Availability of future "virtual appliances" applications for Intel vPro technology is dependent on Intel vPro technology being enabled on your device. Contact your virtual appliances provider for more information.

For storage drives, GB = 1 billion bytes; TB = 1 trillion bytes. Actual formatted capacity is less. Up to 30 GB for Windows 10 is reserved for system recovery software.

Intel vPro™ memory system acceleration does not replace or increase the DRAM in your system. Requires vPro™ enabled Intel® Core™ processor, vPro™ version with Intel® vPro™ supported, Windows 10 64-bit, and Intel® Rapid Storage Technology (Intel® RST) drives.

Not available with eMMC Base Units.
