

### Executive Biography

## Dr Kirstie McIntyre

Global Director of Sustainability Operations at HP Inc.

---

Dr Kirstie McIntyre is a Global Director for HP Inc's sustainability, product and service compliance operations.

Her remit covers all environmental/social responsibility laws and market access agreements on energy efficiency, chemical / material restrictions and end-of-life considerations. Her teams manage WW takeback and recycling, IT systems for reporting and disclosure and WW product compliance programmes.

Kirstie also liaises with Governments, NGOs, industry peers, supply chain partners and engages with HP customers and channel sales on environmental regulations, recycling and other sustainability aspects of HP's products and services. Kirstie leads HP's circular economy programme and has worked for a number of years in the strategic development of sustainability and supply chain programmes for various companies in the electronics sector. She has an engineering doctorate in environmental technology and has published widely on sustainability, circular economy and supply chain issues.
