### **Executive Biography**

## **Paul Birkett**

Director Workflow Solutions, HP Inc.

---

Paul Birkett is the Director of Workflow Solutions for the office printing business group at HP. He is focused on innovations that enable HP MFP's to integrate with a cloud- and mobile-first IT strategy in the office of the future.

Paul has spent over 25 years in the printing industry holding senior roles in Sales, Marketing and Product Development. He previously held the position of Sales and Marketing Director of Samsung's European Printing Business and was accountable for all aspects of the operation. Prior to this he was with Xerox where he developed the Xerox Partner MPS offerings and was a member of the Xerox Document Outsourcing senior leadership team.
