HP ELITE FOLIO 13.5 inch 2-IN-1 NOTEBOOK PC

WORK, WRITE, AND WATCH WITH A SINGLE ULTRA-MOBILE DEVICE.

The HP Elite Folio combines computing experiences as a laptop, tablet, and media consumption device with a stunning display and modern design elements that allow you to easily adapt to where and how you need to work.

- Qualcomm® Snapdragon™ 8cx¹ 5G²³ Compute Platform (Gen 2, 3.15GHz) runs fan-less to deliver the quiet operation users appreciate from a highly mobile device
- Pull-forward design delivers smooth transitions into tablet mode and media mode

DESIGNED FOR Mobile Trailblazers

WORK
Use laptop mode for productivity with keyboard-heavy tasks or video collaboration.

WRITE
Take notes, sketch, or browse with ease in tablet mode. Integrated charging and storage cradle provides an always-ready pen at your fingertip.

WATCH
Media mode provides an angled screen ideal for streaming your favorite shows and movies.

FAST RELIABLE CONNECTION
Trust that your line to the world around you will be there when you need it. A Wi-Fi 6¹³ connection and Bluetooth® is powered by long battery life so you can stay productive in almost any location.

EXTENDED VIEWTIME
Keep watching your favorite shows and movies with up to 24.5 hours of local video playback.¹⁶

ENVIRONMENTALLY CONSCIOUS
The environmentally conscious HP Elite Folio enclosure includes 90% recycled magnesium by weight¹² and the speaker enclosures contain ocean-bound plastics.¹³

THE POWER OF THE PEN
The HP Elite Slim Active Pen is at the ready and charges quickly in the built-in storage space above the keyboard that keeps your pen handy and ready to jot down notes or capture ideas.

POWERFUL OS DESIGNED FOR MOBILITY
Windows 10 Pro⁴ and the connected capabilities of your Qualcomm® Snapdragon™ 8cx processor¹ provides a powerful user experience with long battery life.

WORK AND WATCH DISCREETLY
Keep your data and your life private with HP Sure View Reflect⁹ integrated privacy screen and HP Privacy Camera.⁸

FOOTNOTES

1. Multiple cores are designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Qualcomm’s numberering is not a measurement of clock speed.

2. Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited. Wi-Fi 6 (802.11ax) is draft and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the laptop to communicate with other 802.11ax devices. Only available in countries where 802.11ax is supported.

3. Wi-Fi® supporting gigabit data rate is achievable with Wi-Fi 6 (802.11ax) when transferring files between two devices connected to the same router. Requires a wireless router, sold separately, that supports 160MHz channels.

4. Not available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See http://windows.com.

5. 100% Poly Vinyl

6. AutoPilot prerequisites include Azure AD Premium P1 or P2 and Microsoft Intune or other MDM service to manage your devices. Some HP security features must be provisioned separately using the HP Manageability Integration Kit. Contact your HP account representative or authorized HP reseller for more information.

7. Recharges your battery up to 90% within 90 minutes when the system is off or in standby mode. Power adapter with a minimum capacity of 65 watts is required. After charging has reached 50% capacity, charging will return to normal. Charging time may vary ±10% due to System tolerance.

8. HP Privacy Camera only available on PCs equipped with HD or IR camera and must be installed at the factory.

9. HP Sure View Reflect integrated privacy screen is an optional feature that must be configured at purchase and is designed to function in landscape orientation. Not available on all models. 5G not available on all products, in all regions. Backwards compatible to 4G LTE and 3G HSPA technologies. 5G module planned to be available in select countries, where carrier supported.

10. 5G module is an optional feature that must be configured at purchase. AT&T and T-Mobile networks supported in the U.S. Module designed for 5G networks as carriers deploy Evolved-Universal Terrestrial Radio Access New Radio Dual Connectivity (ENDC) with both 100MHz of 5G NR and LTE channel bandwidth, using 256QAM 4x4 as defined by 3GPP, requires activation and separately purchased service contract. Check with service provider for coverage and availability in your area. Connection, upload and download speeds will vary due to network, location, environment, network conditions, and other factors. 5G not available on all products, in all regions. Backwards compatible to 4G LTE and 3G HSPA technologies. 5G module planned to be available in select countries, where carrier supported.

11. Battery life tested by HP using continuous FHD video playback, 1080p (1920x1080) resolution, 150 nits brightness, system audio level at 16%, player audio level at 100%, played full-screen from local storage, headphone attached, wireless on but not connected. Actual battery life will vary depending on configuration and maximum capacity will naturally decrease with time and usage.

13. For storage drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 30GB (for Windows 10) is reserved for system recovery software.

15. Applies to HP PCs, Workstations and Displays manufactured after January 2019. Based on most Gold and Silver EPEAT® registrations by meeting all required criteria and achieving 50-74% of the optional points for EPEAT® Silver and 75-100% of the optional points for EPEAT® Gold according to IEEE 1680.1-2018 EPEAT®. Status varies by country. Visit www.epeat.net for more information.

16. Battery life tested by HP using continuous FHD video playback, 1080p (1920x1080) resolution, 150 nits brightness, system audio level at 16%, player audio level at 100%, played full-screen from local storage, headphone attached, wireless on but not connected. Actual battery life will vary depending on configuration and maximum capacity will naturally decrease with time and usage.

17. HP Solid-state drive (SSD) is included. HP 512GB PCIe SSD is available as an optional upgrade.

18. Port options vary by region. HP will not provide power adapters in select countries for this product.

20. Requires Internet access and Windows 10 PC preinstalled with HP QuickDrop app and either an Android device (phone or tablet) running Android 7 or higher with the Android HP QuickDrop app, and/or an iOS device (phone or tablet) running iOS 12 or higher with the iOS HP QuickDrop app, and/or an iOS device (phone or tablet) running iOS 13.0 or higher with the iOS HP QuickDrop app.

21. HP WorkWell requires Windows 10, is not available in all countries, and can be downloaded from the Windows Store.

22. Sold separately or as an optional feature.

23. 5G module is an optional feature that must be configured at purchase. AT&T and T-Mobile networks supported in the U.S. Module designed for 5G networks as carriers deploy Evolved-Universal Terrestrial Radio Access New Radio Dual Connectivity (ENDC) with both 100MHz of 5G NR and LTE channel bandwidth, using 256QAM 4x4 as defined by 3GPP, requires activation and separately purchased service contract. Check with service provider for coverage and availability in your area. Connection, upload and download speeds will vary due to network, location, environment, network conditions, and other factors. 5G not available on all products, in all regions. Backwards compatible to 4G LTE and 3G HSPA technologies. 5G module planned to be available in select countries, where carrier supported.

24. Miracast is a wireless technology your PC can use to project your screen to TVs, projectors, and streaming.

25. 5G LTE module is optional and must be configured at the factory. Module requires activation and separately purchased service contract. Backwards compatible to HSPA 3G technologies. Check with service provider for coverage and availability in your area. Connection, upload, and download speeds will vary due to network, location, environment, network conditions, and other factors. 4G LTE not available on all products, in all regions.

26. Multiple-Input Multiple-Output (MU-MIMO) is a wireless technology that uses multiple transmitters and receivers to enhance data transfer. MU-MIMO requires a MU-MIMO router, sold separately.
