HP Elite Wireless Earbuds

With the rapid increase in video calls and audio conferencing, wireless earbuds are now a workplace essential. Experience superb sonics by blocking out unwanted external sounds with state-of-the-art noise canceling, personalized audio tuning and customizable sound situations. Enjoy hours of comfort with premium foam and silicon tips with a sleek USB-C® charging case.

▶ *World's most advanced earbuds for collaboration**

AN ELITE SOUND EXPERIENCE

Calibrates to you
Using customized sound tuning through a simple app, it's easy to assess your hearing and calibrate these earbuds to your hearing profile.

Make your settings match your setting
Adjust these earbuds by using Tap Touch or the HP Elite Wireless Earbuds app* to choose presets that match your listening environment like the office, at home or the gym.

Seamlessly switch devices
Connect through simple app* and use these headphones with multiple devices switching easily between your phone, PC or Mac® .

Comfort and style
Premium foam and silicon tips deliver hours of comfort while a sleek design and USB-C® charging case make a stylish statement.

1. *Based on HP's internal analysis as of December 2020. Most advanced based on premium Active Noise Cancellation, hearing test for audio personalization including earbud fit test, hearing enrichment, customizable environmental pre-sets, customizable transparency mode, speech amplification, sound direction customization, tap to switch between devices/between audio settings, low power independent/dual ear to ear use, Windows Swift Pair with comprehensive Windows 10 application, applications for Android and iOS devices.
2. Listening to audio equipment at full volume for long periods can damage the user's hearing. To reduce the risk of hearing damage, lower the volume and amount of time listening at full volume
3. HP Elite Earbuds App available for iOS on the Apple App Store, for Android on the Google Play Store and for Windows ® 10 on the Microsoft Store
