HP ELITE DRAGONFLY MAX
A PREMIUM PC FOR PROFESSIONAL COLLABORATORS ENHANCED BY HP PRESENCE

Featuring AI-driven audio software, four wide range microphones, and a 5MP camera, the HP Elite Dragonfly Max is enhanced by HP Presence technology and designed specifically for online collaboration. Optional 5G connectivity provides ample bandwidth to connect with colleagues.

- Improved video conferencing with a 5MP webcam
- Reduce eye discomfort with HP Eye Ease, a brilliant EyeSafe® certified display
- HP Presence Aware uses your PC’s proximity sensor to automatically lock or awaken your device

Make Powerful Connections
Precisely built with lightweight magnesium, the versatile x360 HP Elite Dragonfly Max has a 5MP webcam and an ultrabright 13.3” diagonal FHD IPS touchscreen with HP Sure View Reflect. Ensure connectivity from almost anywhere with 5G and gigabit Wi-Fi 6.

NEW Enhanced by HP Presence
HP Auto Frame lets the camera stay focused on you and stay in frame even if you get up to stretch your legs.
Lowlight & Backlight Adjustment lets you look your best on screen no matter the lighting condition
HP Dynamic Audio tunes audio to speech, music, and movies while suppressing background noise.
Audio by Bang & Olufsen, two-way HP Noise Cancellation, four top-firing speakers, and four discrete amps work together to create an immersive sound.
Four wide-range microphones improve inbound ambient noise cancellation while 360° mic pick-up allows to clearly hear and be heard.

Good For You And Our Planet
The HP Elite Dragonfly Max contains ocean-bound plastics in the speaker enclosure and display bezel, and the outer box packaging is 100-percent sustainably sourced.

Out-of-the-box Security
Security features from HP work together to create an always-on, always-acting, resilient defense. From the BIOS to the browser, above and below the OS, these constantly evolving solutions help protect your PC from threats.
- HP Sure View Reflect (standard)
- HP Privacy Camera
- HP Sure Click
- HP Sure Run Gen4
- HP Sure Recover Gen4
- HP Sure Start Gen6

FOOTNOTES

1. Multiscreen is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel’s numbering, branding and/or naming is not a measurement of higher performance.

2. Featuring Windows 10, the pre-installed version of Windows 10, the pre-installed version of Windows 10, and the Windows 10 operating system.

3. HP Presence Aware requires a proximity sensor that is available on select EliteBooks and requires Windows Hello for authentication.

4. HP Sure Start Gen6 is available on select HP PCs and requires Windows 10.

5. HP Sure Run Gen6 is available on select HP PCs and requires Windows 10.

6. HP Sure Recover Gen6 with Embedded Reimaging is an optional feature that requires Windows 10 must be configured at purchase. You must back up important files, data, photos, videos, etc. before use to avoid loss of data. Network based recovery using Wi-Fi is only available on PCs with Intel Wi-Fi Module.

7. HP Sure Start Gen6 is available on select HP PCs and requires Windows 10.

8. Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited. Wi-Fi 6 is backwards compatible with prior 802.11 spec. The specifications for Wi-Fi 6 (802.11ax) are draft and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the laptop to communicate with other 802.11ax devices. Only available in countries where 802.11ax is supported.

9. Actual battery Watt-hours (Wh) will vary from design capacity. Battery capacity will naturally decrease with shelf life, time, usage, environment, temperature, system configuration, loaded apps, features, power management settings and other factors.

10. HP Sure View Reflect integrated privacy screen is designed to function in landscape orientation.

12. HP Sure Run Gen6 is available on select HP PCs and requires Windows 10.

13. HP Sure Recover Gen6 with Embedded Reimaging is an optional feature that requires Windows 10 must be configured at purchase. You must back up important files, data, photos, videos, etc. before use to avoid loss of data. Network based recovery using Wi-Fi is only available on PCs with Intel Wi-Fi Module.

14. HP Sure Start Gen6 is available on select HP PCs and requires Windows 10.

15. Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited. Wi-Fi 6 is backwards compatible with prior 802.11 spec. The specifications for Wi-Fi 6 (802.11ax) are draft and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the laptop to communicate with other 802.11ax devices. Only available in countries where 802.11ax is supported.

16. Wi-Fi 6 supporting gigabit data rate is achievable with Wi-Fi 6 (802.11ax) when transferring files between two devices connected to the same router. Requires a wireless router, sold separately, that supports 160MHz channels.

17. Sold separately or as an optional feature.

18. For storage drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 30GB for Windows 10 is reserved for system recovery software.

19. Requires Windows 10, the pre-installed version of Windows 10, the pre-installed version of Windows 10, and the Windows 10 operating system.

20. M.2 SSD testing is not intended to demonstrate fitness for U.S. Department of Defense contract requirements or for military use. Test results are not a guarantee of future performance under these test conditions. HP will not be liable for technical or editorial errors or omissions contained herein.

21. Wi-Fi® module is an optional feature that must be configured at purchase. AT&T and T-Mobile networks supported in the U.S. Module designed for 5G networks as carriers deploy Evolved-Universal Terrestrial Radio Access New Radio Dual Connectivity (ENDC) with both 100MHz of 5G NR and LTE channel bandwidth, or 256QAM 4x4 as defined by 3GPP. Requires activation and separately purchased service contract. Check with service provider for coverage and availability in your area. Connection, upload and download speeds will vary due to network, location, environment, network conditions, and other factors. 5G not available on all products, in all regions. Backwards compatible to 4G LTE and 3G HSPA technologies. 5G module planned to be available in select countries, where carrier supported.

22. Requires Internet access and Windows 10, the pre-installed version of Windows 10, the pre-installed version of Windows 10, and the Windows 10 operating system.

23. MIL STD 810H testing is not intended to demonstrate fitness for U.S. Department of Defense contract requirements or for military use. Test results are not a guarantee of future performance under these test conditions. HP will not be liable for technical or editorial errors or omissions contained herein.

24. Test results are not a guarantee of future performance under these test conditions. HP will not be liable for technical or editorial errors or omissions contained herein.

25. Actual battery Watt-hours (Wh) will vary from design capacity. Battery capacity will naturally decrease with shelf life, time, usage, environment, temperature, system configuration, loaded apps, features, power management settings and other factors.

26. HP Sure Start Gen6 is available on select HP PCs and requires Windows 10.

27. HP Sure Run Gen6 is available on select HP PCs and requires Windows 10.

28. HP Sure Recover Gen6 with Embedded Reimaging is an optional feature that requires Windows 10 must be configured at purchase. You must back up important files, data, photos, videos, etc. before use to avoid loss of data. Network based recovery using Wi-Fi is only available on PCs with Intel Wi-Fi Module.

29. HP Sure Start Gen6 is available on select HP PCs and requires Windows 10.

30. Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited. Wi-Fi 6 is backwards compatible with prior 802.11 spec. The specifications for Wi-Fi 6 (802.11ax) are draft and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the laptop to communicate with other 802.11ax devices. Only available in countries where 802.11ax is supported.

31. Based on internal testing vs. previous generation product with 802.11ac wireless LAN module.

32. Actual brightness will be lower with HP Sure View or touch screen.

33. 3 year limited warranty or 1000 cycles. Battery cycles are the total number of full charge/discharge cycles a battery yields before it can no longer hold a useful amount of charge.

34. 3 year limited warranty or 1000 cycles. Battery cycles are the total number of full charge/discharge cycles a battery yields before it can no longer hold a useful amount of charge.

35. Battery cycles are the total number of full charge/discharge cycles a battery yields before it can no longer hold a useful amount of charge.
